Checkout Faster & Fight Fraud with our Digital Wallets

Did you know that you have the ability to pay for your in-store transactions with your smartphone using one of our three digital wallet platforms: Apple Pay, Google Pay, or Samsung Pay. Below are some benefits to motivate you to start using a digital wallet.

Convenience

With digital wallets, you can complete a transaction in seconds simply by waving or tapping your smartphone at the checkout terminal. This also means that you will no longer have to dig in your purse or wallet for the right card.

Secure Transactions

When you complete a transaction

using your digital wallet, your name, debit card number and security code stay private since you do not give your physical card to anyone. **Your debit card numbers are not shared with any retailers.** The retailer receives only a transaction-specific code to process your payment, which can only be used

once. This means that you are better protected against fraud and card breaches.

Download the App

Each digital wallet will require you to download the app that works on your individual device, although Samsung Pay comes pre-installed on newer Galaxy smartphones that come equipped with fingerprint scanners. **Simply set up your Alliance debit card as your top payment card to set it as the default card.**

Get Your Debit Card Personalized with MyPic Debit

Alliance Credit Union is now offering personalized debit cards through its new platform- MyPic Debit Cards under the "Convenience" section on our website. You will have **two options** to choose from. Simply upload your image for full edge-to-edge card coverage or select the Photo ID Only option if you would only like your headshot. Many members choose this option for added debit card security.

Please note that your current card will be disabled when you activate your new card. There is a \$9.95 service charge, which will be deducted from your checking account when the new card is ordered.

Option 1: Edge-to-Edge Card Coverage
Why not enjoy seeing your favorite

photo every time you make a purchase with your Alliance Visa Debit Card? The first option covers your entire card from edge-to-edge with the photo that you chose to upload. Or, you can select an image from our online gallery.

Edge-to-Edge Example:

Option 2: Photo ID Only

If you would prefer to have an extra layer of debit card security, then the Photo ID Only option is for you!

Simply upload your favorite headshot of yourself to increase your protection against fraud. If your wallet or purse is lost or stolen, your debit card will be harder for the criminals to use in person.
