Introducing HomeTraq: Home Showings, Simplified

Why would I use HomeTraq to view a home?

HomeTraq empowers the consumer to select the time and date for the showing. It eliminates consumer time wasted attempting to contact the listing agent to secure access to the property. **HomeTraq coordinates the scheduling of a licensed real estate agent to meet you at the property and eliminates the high pressure sales tactics sometime used to trap consumers in exclusive agency agreement before the consumer is ready to select a real estate agent.**

It also eliminates on-going solicitations for property and other services. While you may purchase additional showings, you may, but are not required, to use the same real estate agent and may use the HomeTraq Mobile Application to schedule a showing from a real estate agent who is available to show the property at the time and on the date that you desire to view the property.

In addition, by using the HomeTraq Mobile Application, you also receive (when available) listing information, property disclosures and real estate tax information specific to each property prior to the appointment time.

Who is HomeTraq?

HomeTraq acts as an advocate for consumers desiring a better way to purchase a new home. When real estate services are purchased through HomeTraq, you will never be pressured to use a particular agent or other service provider or to purchase a home before you are ready.

Are the agents licensed? Yes

HomeTraq has built a network of qualified licensed real estate agents to show homes on demand. All real estate agents participating in the HomeTraq Referral Network are licensed and maintain errors and omissions insurance. In addition, as a part of the scheduling of the showing, you will receive a photo of the real estate agent assigned to show you the house so that you know who is providing the showing service.

After each assignment, HomeTraq surveys the consumer regarding the quality of the services provided by the assigned real estate agent. Real estate agents who receive unsatisfactory reviews are promptly removed from the HomeTraq Referral Network.
