Alliance Holds the Line On Fees & Promotes FREE Checking!

Banks across the country are eliminating free checking and raising fees on other basic services, such as monthly maintenance fees, minimum balance fees, etc.—increases they say are needed to offset the cost of complying with new government regulations and to maintain their current profits levels.

Not us! Unlike the current banking trend of tacking on new fees for basic services that you use, Alliance plans to **hold the line on any new fee increases for 2011**. You belong to a member-owned credit union and unlike banks, our profits are invested back into our members and the credit union!

A recent poll by the opinion research firm Zogby International found 14 percent of US adults have switched to a credit union or community bank in the last year, with 60 percent of that group saying that they moved their accounts to “pro-test policies or behavior of large national banks.” Lower service charges and better rates of return ranked second and third.

If you currently have funds in a large financial institution, be sure to look at

their fee schedule for 2011. This will keep you from getting surprised by hidden fees and charges later in the year. If you find

take for granted - primarily free checking. Overall, the availability of free checking accounts has slipped, falling by roughly 14% over the past year, according to a recent report by Bankrate.com, an online publisher that tracks the banking industry.

More national banks are now adding service fees to customers who haven't paid a checking fee in years. You don't have to worry about that happening at Alliance Credit Union. **Our free checking account remains unchanged!**

Why it's called FREE:

- FREE of minimum balance requirements that tie up your money!
- FREE of monthly service fees!
- Unlimited FREE check writing
- FREE Online Banking and Bill Pay
- FREE E-Statements & Mobile Banking
- FREE Visa Debit Card (qualified members)
- Surcharge-FREE ATM access at over 28,000 CO-OP ATMs

If you need help switching to our FREE Checking Account, please stop by any branch or call us at 636-343-7005, ext. 2000!

New Year's Resolution - Get Into Top Financial Shape This Year!

After the holidays, you may find yourself analyzing your debt only to find that the holidays have hit your pocketbook harder than you expected. This is a great time to take a step back and assess what you can do to put yourself in a better position for the new year. You want to insure that you do not have to rely on credit cards to finance the 2011 holidays.

There are many options in today's market to restructure your debt. This includes rolling your high interest credit card debt into a mortgage or home equity loan.

The first step is

assessment. You need to know what is owed and how much interest your debt is costing you monthly.

If most of your debt is credit card related, take action now.

With proper changes to your debt structure, you can pay off your highest interest debts first and start to take back some of the monthly

expenditures you have been paying on interest. If you have equity in your home, you can borrow against it on favorable terms. You can then use the money you get to consolidate

your high interest debt into one low rate home equity loan.

In most cases, you will benefit from a rate that is more economically beneficial. Paying down debt properly has a snowball effect. The more you pay down, the faster you can allocate money to OTHER debts until you have it under control.

During your FREE annual check-up, your debt liability is assessed and those with credit blemishes will learn how to improve their credit scores. This will help increase your creditworthiness and help you insure that you are in a much better financial position this time next year!

If you have equity in your home, call Alliance Credit Union today at 636-343-7005, ext. 8140 to improve your financial condition for the New Year!

Have Your Social Security Payment Deposited Directly into Your Alliance Account with GO Direct!

Alliance Credit Union is pleased to announce our partnership with Go Direct, a national campaign sponsored by the U.S. Department of the Treasury and the Federal Reserve Banks, to encourage people who get Social Security and other federal benefit payments by check to switch to direct deposit.

Direct deposit is simply the best way to receive Social Security and Supplemental Security Income (SSI) payments. **Direct deposit eliminates the risk of lost or stolen checks, reduces fraud, helps protect against identity theft and gives people more control over their money.** Plus, direct deposit provides people with immediate access to their money from virtually everywhere.

Direct deposit also saves taxpayers millions of dollars.

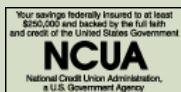

If every current federal benefit check recipient switched to direct deposit, it would save taxpayers about \$130 million a year. Almost all the money saved remains in the Social Security Trust Fund – a benefit to all Americans for years to come.

Alliance encourages senior citizens, people with disabilities and whomever else receives federal benefit payments to make this small, but important change to their financial well-being.

To sign up to have your federal benefit payments direct deposited into your Alliance account, visit at www.GoDirect.org or call the toll-free helpline **(800) 333-1795**. You can also stop by any Alliance branch office and our friendly staff will assist you.
