OCTOBER 2017

And the Survey Says....

The results of our online survey have been tallied and your voice is being heard! Each year, Alliance surveys its membership and our management team and board of directors use the results and member feedback to decide on service improvements, future product offerings, facility needs, etc. This year's online survey had a 13% response rate and was completed by nearly 1,000 members.

We appreciate our members' vote of confidence evidenced by this year's survey. For example, 95% were "satisfied" or "very satisfied" with our services and 91% said they would likely recommend us to their friends and family members. 54% of respondents stated that they have downloaded our free mobile app and 56% were aware that Alliance offered shared branching.

Thanks to all the members who took the time to complete our annual survey. We are a member-owned, not-for-profit financial cooperative and your opinion counts. Alliance Credit Union listens to our members-not stockholders!

Other Key Findings:

- 66% consider Alliance their primary financial institution
- 61% surveyed preferred accessing their accounts electronically
- 71% had a checking account
- Service was the primary reason members use Alliance
- 90% were satisfied with their transaction times
- Personalized debit cards was the most requested new service
- Having more locations was the most suggested improvement
